

Pharma 600

The cross is available in customisable colour options for the frame and LED display.

It can be purchased as a single or double sided cross and its ease of plug and play installation with remote control handset makes it simple and user friendly.

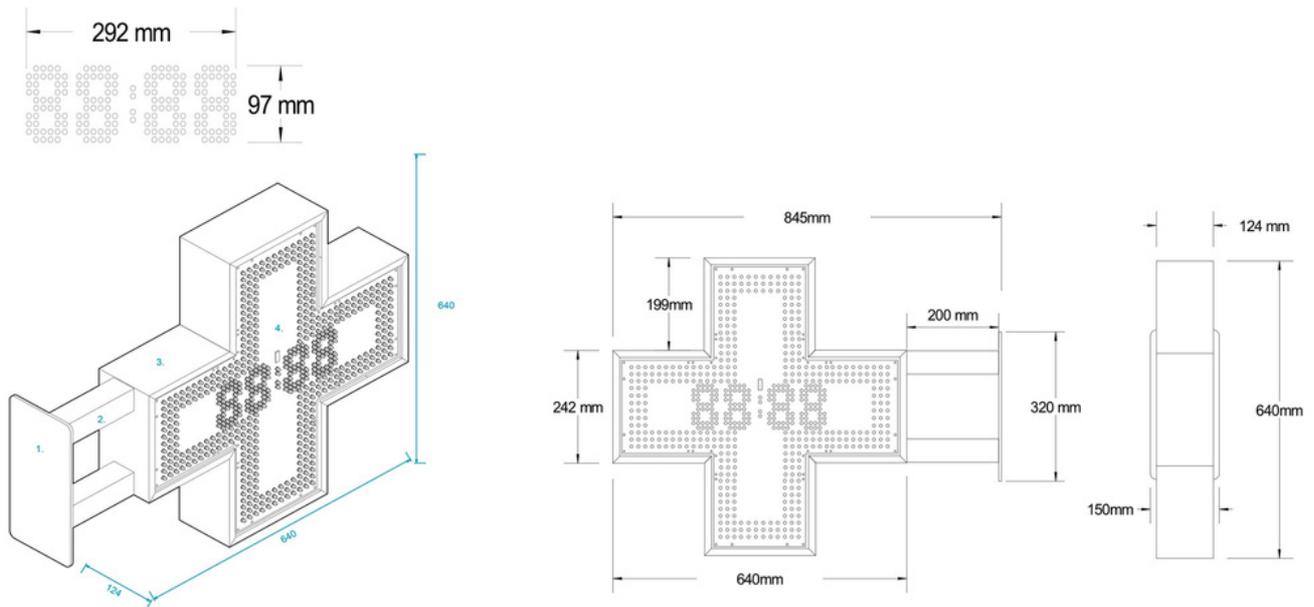

Pharma 600

The pharmacy cross 600 is a brand new cross manufactured and distributed in Ireland

The cross is made to a quality finish with a robust design.

it has a time and temperature display with an animated border.

Its high impact, super bright LED display makes it a cost effective solution with an automatic day/night sensor for energy saving.
